Marlborough Lines Control Room Operator

Marlborough Lines Contracting is a progressive electrical contracting business providing high quality services to the Marlborough region.

We have a vacancy for a skilled person to take up the challenging role of network operator, responsible for the successful operation and fault restoration on Marlborough Lines' Network.

Working in a team environment the duties of this position include:

- Preparation of instructions for planned and emergency switching.
- Fault restoration.
- Control and issue of access permits.
- Production and maintenance of operating documentation.

If you have a technical background in the electrical distribution industry or are currently a Network Operator who is looking to broaden their experience and wants to live amongst the vineyards and have access to nature's playground in the beautiful Marlborough Sounds you owe it to yourself to check out this opportunity.

A job description and application form for this position are available from our reception desk at Marlborough Lines Industrial Park, Taylor Pass Road, PO Box 144, Blenheim or by phone on 03 577 7007.

Applications close Friday 16 November 2007.
