

# Delivery Price Schedule for Marlborough Lines Limited from 1 April 2020

Pursuant to the Electricity Distribution Information Disclosure Determination 2012

Marlborough Lines Limited's (MLL) prices to apply from 1 April 2020 are set out in this price schedule. MLL passes on its prices to the electricity retailers trading on MLL's network. Highlights of pricing changes include:

- A decrease in prices for the majority of price plans. For an 'average' domestic (residential) price plan, the line delivery prices will decrease by \$7.20 per annum (pre-discount).
- An increase in the discount payment rate applicable to most price plans.
- The introduction of uncontrolled irrigation price plans, to provide alternatives to the existing controlled irrigation price plan equivalents.

Further information on MLL's pricing can be found on our website at: [www.marlboroughlines.co.nz](http://www.marlboroughlines.co.nz)

- Discount payments will be made to eligible consumers approximately in March 2021, based on prices invoiced between 1 February 2020 and 31 January 2021, providing that there is no legislative or regulatory changes that would adversely affect the provision and/or receipt of discount payments. Consumers located in areas designated remote are ineligible for the discount payment. Other eligibility criteria may apply.
- The Delivery Price is the amount Marlborough Lines invoices applicable energy retailers and includes the total distribution and transmission prices.
